Hi [REDACTED],

The Chair is keen for them to start as soon as possible and all at once rather than in tranches.

Happy to discuss

Regards

Morning [REDACTED],

Just a quick follow-up...

Has Colin given any indication of his preference re the revised start dates for the 11 new members? I know he met with the Minister on Tuesday when the potential for extensions to existing members was also discussed.

Our Public Appointments Team are keen to get things moving as there is significant pre-appointment admin to be completed.

Thanks,
