Quick update...

PAU has confirmed that all 11 of the new Members have now returned their acceptance slips and associated formalisation documentation. As you know the first eight are to be in situ for 1 December 2021 and the final three in May 2022.

In terms of the extensions to the current Members, six out seven have accepted so far, with just Richard Solomon outstanding. I have emailed Richard this afternoon to follow-up.

I will keep you updated if I hear anymore.

Evening [REDACTED],

I queried this with our Public Appointments Unit but no response as yet. I know the new members had until COP tomorrow to respond so I'll hopefully have an answer for you then.

Thanks,

Hi [REDACTED],

Have you had all the responses yet from the prospective new Board members?

Thanks
